We can make our lives sublime
And, departing, leave behind us
Footprints on the sands of time.

FOREWORD

The 1966 Badger staff has looked through Elmore High School windows. This is what we've seen.

We've seen teachers who felt it was important to know about the past, the present, and the future because they believe it to be so.

We've seen young, eager faces trying to find out what education is all about and what they want to do with their lives.

We've seen girls forgetting everything but their date for the banquets and we've seen boys acting their best in their formal coats.

We've seen football and basketball games, where sometimes we came home happy and sometimes sad.

We've seen our organizations where students thought it was worthwhile to devote time to a common goal.

We've liked what we've seen, so we, the Badger staff of 1966, invite you to look along with us. We think you will like what you see.

DEDICATION

With deep admiration and affection, we dedicate this edition of The 1966 Badger to our grade school principal and students' friend...

MR. CURTIS KENNEDY

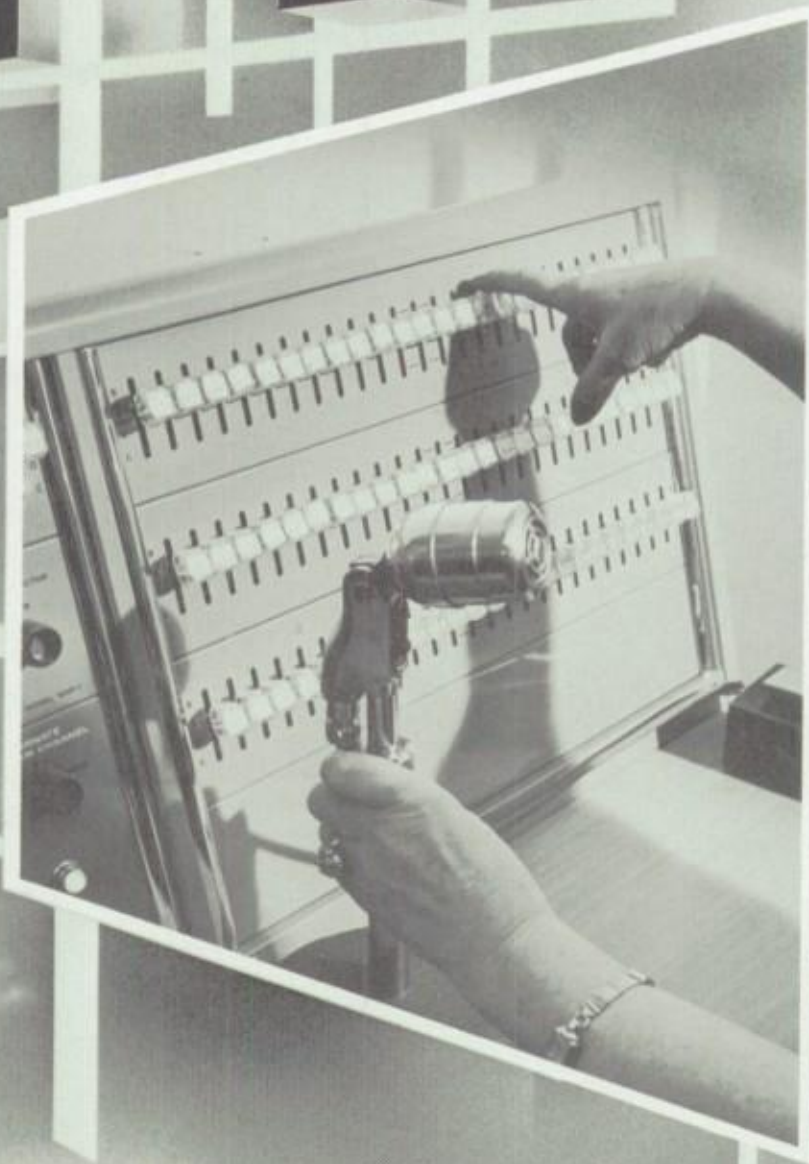

We wish to express for every student our gratitude for his carrying so many of our troubles on his shoulders, and for being there when we need him to guide us wisely.

----The Staff

DO YOU KNOW
MR. KENNEDY?

ADMINISTRATION

OUR SUPERINTENDENT

*****MR. BURNETT SPEAKS*****

The main thing about this yearbook is not what it says, but what it recalls and the spirit it conveys. Bacon wrote "Some books are to be tasted, others to be swallowed, and some are to be cherished and digested." In the days ahead you will be able to read between the lines and find the spirit that is the real Elmore City High. All the hopes, struggles, joys, tears, and triumphs, that make up your high school days will be recalled when you turn its pages.

The cherished memories brought back by this book will but confirm what you doubtless already know. The head should learn to control, but the joy of living comes from the heart. And to a large degree we are the makers of our own destinies. It is our responsibility as individuals to choose our own course for better or for worse.

Charles Burnett
Superintendent

OUR PRINCIPAL

*** MR. WORSHAM SPEAKS ***

I will take this opportunity to express my appreciation to the students, faculty, and parents, for a year well spent. The attitude and enthusiasm of everyone seems to be excellent. The type of cooperation shown by all here at Elmore City this year has helped to make a fine school year. This is, after all, the main desire of everyone.
